September 11, 2025

Notice of 2026 Budget Adoption at September 30, 2025, Board Meeting

Purpose: Proposed Budget Adoption

• Time: Tuesday, September 30, 2025, 9:00 AM

• Location: Ormond Heritage, 2nd Floor Meeting Room

Dear Ormond Heritage Members and Owners:

At a duly called board of directors meeting held on September 2, 2025, the board adopted a proposed budget for the 2026 fiscal year. The proposed budget will be considered for adoption at the Tuesday, September 30, 2025, board of directors meeting to be held at 9:00 AM in the 2nd floor meeting room of The Ormond Heritage at the address referenced above. A copy of the proposed budget (White & Green) has been attached/enclosed for your review prior to its formal adoption. An agenda for this meeting will be supplied at a date closer to the meeting.

In accordance with Florida Statute 718, the board proposed budget includes full funding of the reserves based on the most recent reserve analysis, recent statutory changes, and association project objectives. As in previous years, budgets that reflect both fully funded (White) and partially funded (Green) reserves will be presented to the membership for consideration and vote at the Annual Meeting to be held on November 1, 2025. The only difference between the White and Green budgets is the reserve funding level. The Green budget has been calculated with a partial reserve funding level of 56.44% of the fully funded amount, \$570,000.00 and \$1,010,000.00, respectively, and achieves an average 5.2% increase in monthly maintenance fees from 2025 to 2026. There will be an owner education workshop held to answer questions about the 2026 proposed budget on Tuesday, September 23rd at 2:00 PM & 6:30 PM.

Should you have any questions or comments concerning any of this information, please contact the office.

Sincerely,

Barbara Etter, Secretary The Ormond Heritage

arbora Etter

2026 Proposed Operating Budget – Fully Funded (White) & Partially Funded (Green)

2026 Budgetary Changes and Points of Interest

Over the past couple of years, there have been significant pressures on the budget, including increases in insurance and new inspection and reserve requirements. As we move into 2026 several of these items have manifested into changes in the budget process at OHC. Due to these changes we want to provide some explanation below. While the operating changes are relatively simple to explain, the interplay between the two (Traditional & SIRS) reserve accounts and what the 2025 legislative changes allow is more difficult. If you have questions, we encourage you to come to one of the owner workshops on September 23rd.

1. Operating Budget

- a. As we hold more money in reserves with higher CD interest rates, we have been unable to avoid paying Federal income taxes. Where in the past there was never a dedicated budgetary allocation for income taxes, it was felt that this item must now be reflected. This was input at a rate of \$16,000 in 2026, with some additional interest income, \$10,000, included in the non-owner income to offset this increase.
- b. We were able to leave the 2026 property insurance premium allocation unchanged for 2026. While there are indications premiums are decreasing, recommendations from insurance experts suggest holding budgets constant for 2026 renewals. Leaving this allocation provides some buffer in case the rest of the hurricane season turns out badly or we have the ability to lower deductibles at renewal.
- c. There were several other operating increases pertaining mostly to building maintenance and utility costs. Unfortunately, the costs to maintain building safety systems have increased significantly over the past few years. We are also anticipating significant increases in elevator maintenance costs at the expiration of our current contract next year.

2. Reserve Budget

a. Schedule Changes

Throughout 2024 and 2025 various committees and the board have discussed the upcoming painting and window replacement projects. The outcome of these discussions has led to a forward shift of the window project from 2030 to 2028. This was done to bring this project into the time frame of a painting project. It is felt that moving the window project forward to 2027/2028 is a better alternative than moving this project to the next paint cycle in 2034.

b. White Budget

Statute 718 requires the board to adopt a fully funded budget, including reserves. For the White budget, moving the timing of this project forward causes the new statutorily required Structural Integrity Reserve Schedule (SIRS) full funding annual contribution levels to be adjusted upwards from roughly \$447,000 to \$650,000. This increase, coupled with the Traditional Reserve full funding contributions, brings the 2026 full funding reserve contribution to \$1,010,000.

c. Green Budget (Reduced/Alternate Funding)

i. Traditional Reserve

The Green budget includes 75%, \$270,000, of the 2026 Traditional Reserve full funding number.

ii. SIRS

Prior to the legislative changes in 2025, SIRS funding had to come from regular monthly assessments (maintenance fees). In 2025, the legislature changed this requirement to allow for the use of regular assessment, special assessment, loan, or line of credit funding methods. In looking at the implications of this change, a hybrid funding method, including regular and special assessment, was recommended to and accepted by the board. This method allows for approximately 20% lower monthly fees in 2026, but necessitates anticipated special assessments totaling \$1.2 million spread across 2027 and 2028 to fulfill our statutory SIRS full funding obligation.

This change in funding method does have to be approved by a majority of the membership. This vote will occur at the 2025 Annual Meeting on November 1, 2025. You will receive additional notice about the annual meeting and vote as we get closer to the annual meeting date.

Copies of all reserve schedules are available on the association website.
